From The Founder

I would like to thank everyone who donated in 2013 and helped get Heritage Home operational in one year's time. Currently, we have seven children and are looking at sponsoring three more in 2014. There is never a shortage of children, but we are careful not to exceed our limitations. 2013 was a wonderful first year. The Lord provided a house in a safe, upscale environment, and the kids now have a balanced diet and a Christian education unlike before they arrived at Heritage Home. We surpassed our goals this past year with our Lord's help. This year our focus will be to concentrate on paying off the house debt of \$5,000.00. This is a huge endeavor, but not with God.

God Bless you all!

John
